

The Faces of Affordable Housing in Montana

A person must earn \$13.86/hour to afford the average 2-bedroom apartment in Montana.
It takes \$19.46/hour to afford the average home in Montana.

If we want all of these people in our communities,
we must make sure they have a place to live.

Support affordable housing.

For details about housing and the affordability gap in your area,
see the **2010 White Paper: Housing in Montana**.
